## **THERAPIST/CLINICIAN**

### **Basic Function:**

The Therapist/Clinician provides therapeutic services to adults, child or adolescent and family in the office setting. Therapy can include the client individually, nuclear family or subsets of family. The child or adolescent, if the identified client, is included as active participant in his or her own treatment. Interventions provided will involve specific efforts to stabilize the child or adolescent, work with the family to guide and support their efforts in stabilizing client, promoting interpersonal growth, cognition and behavior, as well as collaboration with other involved professionals and agencies in order to provide unified services and continuity of care to client and family. All therapeutic interventions will utilize a strengths-based approach, following intake assessing the strengths and therapeutic needs of the family through active listening and data collection. The services follow goals specifically delineated in the Treatment Plan, and can include all forms of psychotherapy that are client-centered and strengths-based and non-aversive and respect the sociocultural background of the client and family.

### **Major Duties and Responsibilities:**

1. Provision of intensive therapeutic services to client and/or family in an office setting, according to a written treatment plan.
2. Collaboration with other involved professionals and agencies, as applicable, in order to provide unified services and continuity of care. Determination of client/family support services needs, natural supports, and professional support needs.
3. Documentation of sessions/interventions with accuracy, including data collected about frequency and intensity of targeted behaviors, as per treatment plan.
4. Collaboration with child and family and other involved professionals to develop daily routines during times of crisis and transition and a 24-hour crisis plan.
5. Attendance of regular supervision meetings with Clinical Supervisor.

### **Qualifications:**

Master's Degree in Human Services Field (e.g., Psychology, Social Work, Counseling)  
Experience in treatment of children and/or adolescents  
Act 33 Clearance  
Act 34 clearance  
FBI Clearance (If not a resident of PA for more than 2 years)
